- Be aware that during inclement weather the Monorail and other facilities may have adjusted schedules. Please check with Guest Services on inclement weather days.
- Guest Service staff is available to assist you at the main desk.
- It takes 5-7 hours to adequately see the entire zoo. Unless you have that much time, don't try to see it all. We ask chaperones to stay with the students at all times and encourage students to spend time observing the animals along the trails you have selected.
- Volunteers are located throughout the zoo to help you enjoy your visit, stop and ask them any questions you have. Volunteers will be at the benches along the Zoo trails with interpretive artifacts throughout the day, schedules vary.
