3. Shadow Days or Information Sessions

Adult Interpretive Volunteers

Please call 952-431-9588 to schedule a shadow day **at your earliest convenience**. During this day, you will spend your time following a trained volunteer around the Zoo to see exactly what volunteers do during a typical day. This is a great way to find out if this volunteer program is what you are looking for. This day also includes a short interview in the afternoon and you will have a chance to ask questions and get more information about the program and training. Shadow days must be completed prior to the start of each training program. You can find the training dates on the next page.

Summer Seasonal & Farm Volunteers

After receiving your application you will be sent a link to sign up on line for an interview session. Limited capacity for each interview session due to space restrictions. There will be a group presentation where you will get more information about volunteering at the Zoo and specific information about your program. Five-minute individual interviews will take place at this time. Pre-registration for these programs is required.
