Dolphin Calf Born!

On July 17, "Allie," one of three Atlantic bottle-nose dolphins at the Minnesota Zoo, gave birth to a female calf. The newborn calf, weighing approximately 30 pounds and measuring 2-3 feet long, is the second born to Allie, 23. This is father "Semo's" fourth calf.

The calf has not yet been named. Providing everything continues to go well, the calf is expected to go on exhibit in the fall.
